

***Skiing4all* Activity Program Summer & Autumn 2011**

Skiing4all is run by a British Psychologist, ski instructor and outdoor activity leader, Anna. In our beautiful region we like to be active all year round and the environment here certainly allows us to do so! We can ski even in the middle of the summer and still enjoy swimming in the crystal clear lake afterwards, do some horse-riding through the Alpine meadows or trek with lamas in the stunning scenery. We have endless possibilities both for action and relaxation, and as Zell am See-Kaprun makes the famous Europa Sport Region, it's not surprise we can say: "name the sport and it's here!". To this slogan, we add our own motto: "Nothing's impossible!".

Our programs are flexible, with tailor-made activities matched to the individual needs of each person. We provide learning-rich experiences in a safe yet adventurous environment of Zell am See-Kaprun. Here beside the idyllic lake, amidst beautiful green meadows, below the magnificent snowy white peaks of the Hohen Tauern National Park, our comprehensive activities program allows everyone, regardless of their abilities, to get closer to nature.

During all the activities, the participants with learning difficulties are looked after on a one-to-one basis by professional English-spoken instructors, coaches and helpers.

Family holiday

The goal of our Summer & Autumn Activity Program is to enable the families to take an active holiday together, during which everyone can have fun and enjoy their favourite activities: children, teenagers or adults with special educational needs, as well as their siblings and parents. There is also an ample scope for relaxation for sometimes weary parents, be it in our beautiful new thermal spa or at the golf course. Many parents, knowing that their children are in safe hands, choose meanwhile our day trips, for instance, to the Mozart's city of Salzburg, Svarovski's Crystal World or opt for an amazing adventure in the largest ice caves of Europe.

Skiing4all activities are fun in their own right but equally they are a great preparation for the winter season! One of the reasons that many families choose to come here in the summer or autumn is to see if their children would enjoy a full week of skiing with us later in the year. Whatever your reason, we would love to welcome you to our all-year-round paradise and we hope to see you very soon!

Program suitability:

Our programs are tailor-made to the individual needs and run by professionals experienced in working with persons with special needs. We welcome all children from the age of three, teenagers and adults with cognitive disabilities and learning difficulties, including those with:

- Autism
- Asperger Syndrome
- Down's Syndrome
- ADD / ADHD
- Learning Disability
- Behavioural Disorder
- Cognitive Delay (MR)
- Developmental Disability
- Emotional Disorder
- Fetal Alcohol Syndrome
- Fragile-X Syndrome
